

Training Title: Identifying Problems of Practice in ECE and Creating Meaningful Change by Using Design Thinking	
Today we will...	<ul style="list-style-type: none">● Analyze sticking points from multiple perspectives● Examine possible solutions● Identify solutions by building prototypes
So we can...	<ul style="list-style-type: none">● Make informed decisions about how/if to solve our problems of practice.● Learn from leaders in the field about how they have worked to create change in ECE settings.● Continue to seek information from reliable sources in order to make sound decisions.
We will know we are successful when we can...	<ul style="list-style-type: none">● List positives, potentials, and pitfalls for our proposed course of action.● Share the work and experiences of others who have skillfully done our work.● Build a bank of resources and connections that will allow for deeper learning and understanding.
